list for 1876.

No. 3 - November

Dr. David Watson, illustrated

Italian Mulberry Trees.
THE Subscriber will sell **500,000** Cuttings
of the Italian Mulberry, at one cent a bush.
The stock was raised from the choice selection
of Dr. Hertz, late a Professor in the University
of North Carolina, and is recommended by the best
Silk Culturists.
I would also sell **1000 ACRES OF LAND**, on
which was raised, five years ago, **600 lbs. Silk**,
without the benefit of the Italian Mulberry Trees,
there being enough of the common sort for a rea-
sonable crop say **500 trees**.
The Plantation is calculated for a good Farm,
65 acres being sown in Red Clover, and twenty
acres in **Herd's Grass**, sown on rich low grounds.
J. W. BYNUM.
Twelve Hill, Chatham, N. C. }
January 24th, 1869. } 31 11M.
