ADDITIONAL NAMES DRAWN

We published last week 475 names of persons in Chatham county who were among the first drawn in the recent drawing at Washington of those liable for military service, in the order in which they were drawn. We are now publishing some more of the names in the order in which they were drawn, following the list of last issue.

As 192 is the net number of soldiers to be drafted from this county, and as no one knows how many of those drawn will be exempted, it may require the examination of several hundred before the 192 are secured.

If the required number of 192 is not secured out of those first summoned for examination, then others will be summoned, in the order in which they were drawn, until the full quota of 192 is obtained.

Additional names drawn for the Chatham County draft. Listed in order.

From 1 Aug 1917 *Chatham Record*.
