

Become a 4th Grade Field Trip Supporter for 2018-2019

The Chatham County Historical Association's 4th Grade Field Trips depend on the generous support of donors to provide materials for students and teachers to take home and to help schools pay for transportation to get students to the museum.

Join our dedicated volunteers in supporting the program's 6th year in 2018-2019, so that we can continue to provide this free hands-on education experience to all of Chatham County's 4th graders.

School is about to begin!
We need donor pledges by August 24.

Donors contributing \$100 or more will be acknowledged in the student workbook that more than 800 Chatham County 4th graders take home, as well as in Chatham County Historical Association print and social media posts. Donations of any amount will be greatly appreciated.
