Tory Horton House, Apex

*Joseph B. Stone House,

You can see the complete inventories and find more information about each structure here:

Stay tuned for future posts about the inventories for Baldwin and Center Townships. Kimberly will be working on Pittsboro soon.

If you know of a historic home that is not in the townships Kimberly is working on, please document it for us! We'd love to get photos of exterior and interior features, along with the kinds of information Kimberly has recorded on her data sheets.
