

Links to Nomination Forms for National Register Properties in Chatham County, NC

The State Historic Preservation Office has posted PDFs of nominations of the state's approximately 2,900 National Register listings (not including archaeological listings). We have included a list of Chatham County nomination forms here for easy reference. Nomination PDFs for listings made since 2006 are created from digital nomination files and include color digital photographs. PDFs of nominations prior to 2006 are made from scans of paper photocopies of nominations and include black and white photographs at the end of the document. The photograph shows the property as it appeared at the time of the nomination. Many have been rehabilitated since the property or district was listed.
