

Cemetery Project Update ~ September 2020

Our Cemetery Project volunteers have been busy! Documentation and photos for four Chatham cemeteries have recently been added to CCHA's database on CemeteryCensus.com. Links to the four cemeteries are provided below.

Photos for some burials in the **Fall Creek Baptist Church** cemetery were submitted by Carol Purvis and Alan and Jane Mann. Carol also added relationship information for many of the burials.

The **Philip Siler Cemetery** was photographed by Rich and Sue Luke. Their 2020 photos show that, since being photographed in 2013, the cemetery has become quite overgrown.

The **Ezekiel Hilliard Cemetery** was also photographed by Rich and Sue Luke. This site had not been photographed before. It is well maintained by the family.

The **St. Andrews Congregational Church** cemetery was photographed and updated by Glenn Lazarus and Paul Mitchell.
