

Thank You, Volunteers!

April is Volunteer Appreciation Month and the Chatham County Historical Association took the opportunity to thank the remarkable volunteers that keep our all-volunteer organization doing great things!

For the many hours that they greet visitors and answer questions at the museum, make field trips available to all Chatham County 4th graders, help folks with genealogy questions, enter data, create informative displays, represent CCHA at community events, donate construction skills to preserve old structures, give presentations to community groups, conduct research, arrange for interesting programs – and all of the other things they do to preserve and share Chatham County history – THANKS!

Looks like some interesting story telling going on here!
