

Obituary Indices

for the *Chatham News & Record (Chatham News/Record)*

2012 – 2023

A collection of more than 4000 recent obituaries from Chatham and surrounding counties published in the *Chatham News/Record* from January 2012 through December 2018 has been developed by CCHA volunteer Reece Jones. The original newspaper clippings of the obituaries are filed in notebooks in the Local History/Genealogy section of the Chatham Community Library. An online index, link below, can be searched to determine whether a clipping is included. The index also indicates the burial location recorded in CCHA's CemeteryCensus.com database.

Clippings of the obituaries were discontinued as of January 2019, but Jones has maintained an index of the obituaries appearing in the *Chatham News & Record* since then. The index covering January 2019 through September 2023, link below, includes more than 4,000 entries and also indicates the burial location by code number in CCHA's CemeteryCensus.com database. Addition of burials to CemeteryCensus.com was discontinued in January 2019, so the burials after that date will appear there only if a recent survey of the cemetery has been completed. We will continue to update the obituary index every few months.
